Kansas City Was Ahead for Several Innings, but Lucky Drives, Aided by Errors, Put the Hoosiers in the Game.

INDIANAPOLIS, IND., July 16.-(Spe cial.) Ten innings were required to settle a game that the Indians should have pocketed easily to-day. The champions won to the intense delight of the 1,500 spectators who had shamefully abused the home players because of errors made at critical points early in the game. The Blues, however, fell down in the latter half. George Hogriever was the man to break the spell over the Hoosiers. By a daring steal of the piete in the ninth inning he tied the score. Meredith's low throw aiding Haw ley, who was substituted for Phillips in the tenth, shut the Blues out. Hawley drove out the hit that made the winning run. Williams' errors cost the Blues several runs but Slagle's hitting and fielding al-

most balanced up accounts.

The opening inning of the hostilities saw no results for either team. In the visitors' second Kahoe fumbled Williams' slow one and Wilson was given first on balls. O'Hagan sacrificed and then McVicker hit through Allen, scoring both. The Blues brought their total to three in the fifth, Slagle scoring on his single, Frisbee's sac-rifice and Deady's muff of Connaughton's rince and Deady's muff of Connaughton's drive. The Indians got one to the good in their half of the sixth. Phillips reached second on Viox' wild throw and Hogriever and Stewart planted singles in center. Mc-Farland's life on Phillips' retirement at the plate again filled the bases, Motz scored Hogriever, and Kahoe cleaned the sacks with a triple. Lattle Slagle evened up the score in the seventh, scoring on his second safe drive, a steal and Connaughton's single.

# Baseball Notes.

Still in second place. It took them ten innings to do it. The Detroit Tigers are friends of ours. Comiskey's Saints will play the Chicago Unions in Chicago to-day. The Cincinnati end of the combination lost out again. The world will find some consolation in that fact. Pitcher McDonald, Chauncey Fisher's St.

Joe find, is a "phenom" all right, but he don't work at the business very often. "Adonis" Terry, the Milwaukee pitcher, is proprietor of a billiard hall in Beertown, and his contract only requires him to pitch home games. He does not travel with the team.

with the team.

Hoffmeister is in a fit of sulks and has been laid off by Indianapolis since the Fourth. Flynn is doing his best at third, but Allen is on a hunt for a heavier man and stronger thrower. Chauncey Fisher made a mistake when he said his team would break even on the Eastern trip, but he is not to blame for its fallure to do so. The Saints come about as near being a one man team as is often

seen.

Chicago is drawing better crowds than any other city in the National League. Tom Burns told Harry Weldan, a Cincinnati reporter, that the attendance for forty games was over 200,000, an average

of 5,000 to a game.

Mike Sullivan told a Pittsburg reporter that Jimmy Williams is a wonder and fast enough for big league company. He also says Gear is a very promising twirler, and predicts that Pardee will really become another Rusie. Mike Sullivan is all right. He is not sulking a la Haskell et Omaha. It looks just now as though Chauncey Fisher's prediction that "the team that beats Kansas City will win the pennant" will prove true. There is a suspicion affoat in this quarter, however, that there may

be no team in the league that will beat Kansas City and that the flag will float over Exposition grounds.

As Meredith lost yesterday, Gear now has a slight lead over the other Kansas City pitchers. Gear has won thirteen gomes and lost eight, making an average of .619. Meredith has had eight victories and five defeats, with an average of .615. Pardee has won eleven and lost seven, scoring .611, and Eagan has won eleven and lost eight, with .579 per cent.

Commenting on the attendance at Western League games, the Washington Post says: "Kansas City and Milwaukee are the only cities in the Western League that are financially located at the junction of Velvet avenue and Easy boulevard. The other Western League teams, including St. Paul, will break about even on the season, and Minneapolis will actually lose money."

Before the season began, all that the Kansas City fans present the season teams the teams in the season was the season to the season teams the teams are the teams and the teams are the t

money."

Before the season began, all that the Kansas City fans prayed for was that the Blues should not land below seventh place. In two weeks they cried for a place in the first division, and now they have grown so enthusiastle that they will not be satisfied unless the team finishes as high as second. Most of them really believe the pennant will come to Kansas City. City.

There is more hard work ahead of the Blues, for this week they will brush up against the Milwaukee Brewers. When Kansas City played in Milwaukee the last time Connie Mack's men took all three of the games played, but it is safe to bet even money they will not do so this time. The Brewers will return to Kansas City with the Blues, commencing the local se-

The Brewers will return to Kansas City with the Blues, commencing the local series next Saturday.

There was quite a contrast noticeable in the methods of the Detroit and Kansas City baseball clubs yesterday. When the Marning tribe had two men out, they walked up to the bat and boldly sailed into Pitcher Thomas until they had the lead they needed and then retired on their laurels to watch how easy it was for Pitcher Pardee, after getting into a hole by letting the first Tigers up reach the bases. With no one out or one out, punk files or easy grounders were about the best of their efforts. The men at the top of the batting list fell down ignominiously, and the tailenders of the list didn't get the chance to put their hits where they would count at all overwhelmingly.—Detroit Free Press.

After Burke, the St. Paul left fielder, had sprained his ankle at Milwaukee last Sunday and was sitting on the bench, he thought that, being a cripple, he could abuse Mannassau with impunity. Mannassau paid no attention to him until he called him a vile name; then he told Comiskey to get Burke out of the grounds inside of one minute, or the game would be forfeited to Milwaukee. Two St. Paul players hustled the loafer through the gate, but Burke had started a disturbance that extended to the other players, and before they quieted down Mannassau had fined Glasscock and Shugart & cach.—Detroit Journal. Up in St. Joseph, Mo., the people are saving all kinds of fun talking about what their new team will do, and the people are getting as happy as the small boy when he reads the circus posters before the show comes to town. The St. Joe band was trotted out Friday night and paraded the business street, bringing the people together in a mass meeting. The mayor and a number of citizens addressed the meeting and, according to the Herald, "the talks were punctuated with frequent applause, not of the weak sort but of the kind which loosens the shingles on the roof." The Herald predicts that "the Saints. upon their first appearance in this c with the Blues, commencing the local series next Saturday.

# MICHAEL AGAIN BEATEN.

Tom Linton, of Wales, Defeats the American and Lowers World's Twenty-Mile Record.

NEW YORK, July 16 .- For the second time this year Jimmy Michael, the once in-vincible paced bleyclist, was forced to drink the bitter cup of defeat. His old schoolmate in Wales, Tom Linton, was the one to lower Michael's colors to-day and at the same time he broke the world's record for the distance. Linton accomplished the feat in a twenty-mile paced race at Manhattan Beach in the presence of 15,000 people. For Beach in the presence of 15,000 people. For four miles it was a pretty race, Michael leading by a few yards. Suddenly Michael's tire collapsed. Naturally, Linton pursued him, and after riding two laps of the fifth mile, Michael stopped and pedaled slowly to his "corner," where he changed his damaged wheel for a new one. In the meantime Linton kept going like the wind and before Michael came back on the track, was one mile ahead.

When Michael left the track he was greeted with a storm of hisses. It certainly appeared like a case of quit, as Michael could have changed his wheel and resumed his place behind his pacemakers with scarcely the loss of half a lap, had he tried to do so. Michael met with another slight drawback on entering his tenth mile, when his pacing teams broke a chain. After Michael let up there was little interest in the race outside of Linton's efforts to reduce the record. Although he tried hard, he could add no new figures until the fifteenth mile, when he started in by clipping 51-5 seconds off the record.

He continued ahead of the record every mile until the finish, breaking the twenty mile record by exactly ? seconds. He could have made better time had he not lost his pacemakers while rounding for the last lap. His time was \$5:81-5.

Not content with the result, Michael at once challenged Linton for another race at twenty-five miles. Linton accepted and the race will be run at Manhattan Beach track Saturday next. Taylore, of France, established a new kilometer record during the afternoon.

# TWO RECORDS BROKEN.

Great Exhibition of Speed at Washington Park, Chiengo, by Goodrich and David Tenny. CHICAGO, July 16.-Two world's records

were broken to-day at Washington park, and those at distances that are generally supposed to bring out class, speed and Goodrich, the derby colt, belonging to Laudeman, of Cincinnati, ran a mile and cene-half in the Great Western handicap in 2:3%, the fastest time ever made by any horse over this distance. The victory of Goodrich was a surprise to the crowd, which had placed almost every horse but the right one. The St. Louis winner, Whaterlou, was freely played. Candelaria was the extreme outsider at 10 to 1. Opening at 6 to 1, Goodrich's price steadily fell until at post time 4 to 1 was about the best obtainable. Bing Binger and Morte Fonse also went to the post well played.

Bing Binger led at the start, there being no change until the half mile was run. When one mile was completed it was anybody's race, Whaterlou leading. At the head of the stretch there was a wild scramble for position, Whaterlou showing the way by half a length, Goodrich by a supreme effort passed Whaterlou and won by all of five lengths. Whaterlou beat Morte Fonse by a neck for second place. Bing Binger and Candelaria were not factors from the head of the stretch.

David Tenny, the little son of Tenny, ran a mile and a quarter in 2:04½, also the fastest time ever made for that distance around a circular course.

In addition to the, two track records were tied. Alivar ran five and one-half furlongs in 1:66%, and Pinkerton's recent purchase, Candleblack, ran six furlongs in 1:12½, both equal to anything ever done before at Washington park. Goodrich, the derby colt, belonging to

## SIR GAWAIN WON THE STAKES.

Defeated the Favorite in the Nautilus Stakes at Brighton Beach by a Half Length.

NEW YORK, July 16.—The half holiday took a large crowd to the Brighton Beach track to-day. In the Nautilus stakes, Sly Fox was a favorite, with Swiftmas and Sir Gawain second choice. Simms took Siy Fox out with Sir Gawain to make the running and they ran head and head for six fur-longs. Then Swiftmas began to move up and as they reached the stretch Sly Fox began to fall back. Sir Gawain then drew away and won cleverly by half a length. Summaries:

H. A. Widemann yesterday reduced the world's twenty-five-yard swimming record from 14 4-5 seconds to 12 4-5 seconds, and H. F. Brewer cut the time down for an amateur mile from 25:46½ to 25:19 2-5. Brewer covered seventy-six laps in his long swim. The exhibitions were given at San Francisco.

at a 2.62 clip. Bumpas, Chehalis and Anacconda, three of the seven entered for this race, are on the way from Peoria, while Frank Agan, Rubinstein and Giles Noyes have been at the track for a week and are on edge for the contest.

It begins to look now as though Corbett and McCoy might get together after all, although most people will be Missourians until the two big fellows actually get in the ring. From present indications Corbett will be a heavy favorite, in case the fight is pulled off. If Corbett wins the battle he will have no claim to the championship, as the agreement for the projected contest indicates, for Fitzsimmons thoroughly established his claim to superiority over the Californian. Should McCoy win, however, public clamor will probably force Fitz to another fight.

## QUEER GRAVE ROBBERY.

Ghouls Disturb Resting Places of Persons Long Deceased, in Heart of Kansas City, Kas.

The old Indian cemetery, located in the heart of Kansas City, Kas., was visited by ghouls Friday night. The only graves molested were those of members of the Ladd family, John Walton Ladd, who died September 22, 1865; Mrs. Lydla Sweet Ladd, who died March 3, 1869; Celia Alverson, daughter of John Walton and Lydia Ladd, who died December 4, 1854, and Anna Havens Ladd, who died October 17,

Ladd, who died December 4, 1854, and Anna Havens Ladd, who died October 17, 1885.

The four bodies were buried in a family lot in the old Indian cemetery, which is one of the most ancient landmarks in Wyandotte county. It is now in the very center of the business part of the metropolis, being within a half block of police headquarters, adjoining the court of common pleas; a block from the court house, two blocks from the county jail and across the street from the postoffice. As the bodies have been buried for so many years the motive for the grave robbery cannot be conjectured. The large monuments which marked the resting places of the four members of the Ladd family were found scattered on the ground near the graves, the earth torn up and the shrubbery planted about the burying lot completely destroyed.

Detectives are now at work on the case and are endeavoring to keep quiet pending an investigation. The grave robbers filled in the graves after accomplishing whatever their purpose may have been, and the authorities have not yet reopened them. Pieces of the caskets and burial robes were found on the ground.

The graves may have been opened by persons expecting to find valuables. The authorities advance only two theories, that the ghouls expected to find valuables in the old decayed caskets or that it was the work of some one with a wild desire to look at remains so long buried.

The Ladd family was one of the pioneer families of Kansas. Among the descendants of the family are some of the best known people of Kansas City, Kas. John Walton Ladd was the grandfather of Kenneth L. Browne, cashier of the Merchants bank; of Mrs. Lydia Hale, wife of Attorney J. A. Hale. The McAlpine family and Mrs. Frank Crane are also descendants of that family.

State military school, Budapest, known as Kaiser Franz Josef's, and are being prepared to act as musicians, although their education in mathematics and the classics and sciences is not neglected.

It cost \$8,500 to secure the Hungarian Boys band for a two years tour of the United States, this sum being paid into the Hungarian treasury. The boys were then piaced under the legal guardianship of Niklas Schilzonyi, who is instructor as well as director of the boys. His responsibilities are shared by Herr A. Neushaum, a German, to whom are confided the classical and scientific studies.

The band is well known in Kansas City, having played at the Orpheum last winter, making the biggest hit of the season at that theater. The boys play marvelously, with fine technique and expression, and with lots of enthusiasm. In the minds of many persons the band plays better than Sousa's. It is certainly as popular.

The afternoon concert to-day will be at 2.30 o'clock and the evening concert at 8.15 o'clock. Concerts will be given every afternoon and evening this week.

This afternoon's programme follows:

The Metropolitan Street Rallway Company may experience trouble in its movement to convert its Fifth street cable line into an electric system. The work had not progressed far when chief of Police McFarland dispatched a squad of police to stop the work. The action of the police authorities was promptation. Chief of Police Merarland dispatched a squad of police to stop the work. The action of the police authorities was prompted by several of the councilmen of Kansas City, Kas., who noticed the move of the company and decided to stop it before it had been carried far. It is claimed that the company has not obtained permission from the municipality to erect poles along the avenue or to change its present cable system into an electric system. The matter will doubtless be brought up at Tuesday's night's council meeting, and a very interesting fight is expected. The business men along Minnesona avenue are opposed to the proposed change, claiming that the overhead wires for the electric line will be a detriment to the thoroughfare. esting fight is expected.
